

Sustainability: Enough For All Forever

Energy

Biodiversity

Water

Waste

Good

Avoid using power hungry devices.

Explore, play and be adventurous in the natural environment.

Have Shorter Showers.

Reduce the amount of waste going to landfill.

Great

Avoid using fossil fuels by getting active with transport.

Protect the plants and animals that make up your local environment.

Teach others about being water wise.

Refuse to use plastic bags and disposable packaging.

Awesome

Teach others how to be more efficient with the use of fossil fuels (coal, oil, petrol and natural gas).

Plant local native trees.

Implement strategies at home and at school to reduce water use.

Compost all organic matter.
